1. I am giving you this day to worship Me, to be with Me, to reign with Me; do the things that I like to do, be what I am, be together, do them together. I love you and I give you Me. I give you all of Me and I give you a new paradigm this day to work, to walk in, to think in, to exist in, believe. I love you. I give you my heart/hand. I give you Me. I give you all of Me.
2. See what I've said and how now I open the door and open you to horizons horizonsless. I take you now to fields many where you have never heard the faintest word or sigh or seen their face, faces. I take you now to fields white and harvest you do, harvest you are, harvester.
3. My son, the harvest comes into your hand for such a time as this you were born; yea, exist, existing not to come into My chambers and stay at My feet; but yea, to issue commands and lead forth in the priesthood harvest, and the harvest of priesthood, in the harvest of yea now that which comes forth, only of My doing, My choosing. You chose me. Thank you.
4. And now all comes forth, not as I explained, but explain more now, increasingly, as opening the doors I do, I will. You are My door, and I walk through you. Thank you for letting Me walk through you, speak through you, look through your eyes and embrace My body with your arms. Your hand laying My Me on lepers and healing; dead, and raising; demised, demeaned, and elevating.
5. I love you for raising My priesthood. You do, you are, now today. And yea today opens unto Me anew and afresh and in ways not heretofore thought of; but yea ready for; ready, willing and able. I salute you. Thank you.
6. Into Me see and leave behind the past, all thoughts of not-Me, and diminish and lay claim to hold on to you they cannot, they do not, they will not, they must not.
7. You allow Me now to come through you in grace and power, in demonstration not heretofore imagined by the graces in My people, which have been so constrained and limit them so severely. You thing big, bigger, must, bigging My people with you, carrying them, pointing the way, saying yea; this is the way, walk with me herein.
8. I point not for you to go, remaining behind, I lead. I lead, I lead. I lead. I lead. I stand and I lead and I am not afraid. And now you stand My people, My body, and not-afraid them, now making of them assembling-only of them not; the priesthood that they are.
9. Now I come forth. I come forth in your legs, your feet, your hands; not yours, Mine; your heart not, Mine; your mind not, Mine; yea, you letting my Mind reign in you

supreme, supremacy of all; yea coming as a servant, to lift, surrender, intercede, and lead My leadership from the Cross into leadership. I love you and I give you Me.

10. There are no holds. There are no limits. There is no leash. There is no rein on you now as you reign in Me, completely graduated this day; mark it, write it down, calendar it, 6-14-05. I graduate you this day as you walk in Heller Park speaking My words. And every stair you walk to every platform, and every mic that you pick up, know that you are Me, that I opened the door, I provisioned, I came and I died and now you live. Thank Me. Thank Me not, thank Me not in words periodic, so faint, feigning followership. Yea, lead, lead you do. Lead I am. I forsake you never. I give you Me this day.

11. The fields are white, ripe, opportunity, hearts beg for more, to be released from the pew, to enter the identity of I Am. Not-afraid My people; a verb, a verb; My hearers, wonderers; yea, who sit on sidelines still, reticent, hesitant, please be no longer. Arise into the leadership of the led of leaders who will lead to leaders make of all followers and reign not in the tiny microcosms of what you think and thought of the past. Yea, today is, was, and will be no more, for My kingdom comes and reign on the earth I do, I will, through guts'd ones who not afraid are, and have come through the risk of knowing Me in fullness, time not withstanding. I love you.

12. I give you Me, all I am you are. All you are I am. See all I have said, given, declared, provisioned this day. There are no holds on you any more. No longer do the ideas of men and mammon restrain you in any way. Your thinking, thought processes Mine, is free.

13. You are Me. Now role Me and roll forth in your leadership that I have ordained, that I have given, that you allowed Me to process you for, that you sought diligently, not knowing even what it was, but only crying out to Me to do what you were born for. Yea, enter Me with joy; deeper, broader spectrums I have for you, afar and afar father. I love you.

14. I love you now as you grace have, grace give, grace be; yea, and mercy, tenderness; yea, wrath, that is part of my love. Yea, all surrendered in humility, meekness, meekness being personified.

15. I give you Me this day as the proclamation of My graduation, graduates you to leader now of My graduates that come forth from all walks of life in every manner of opulence and wealth, position and power, palace and prestige, and lowest of the low, toothless, brainless, and yea; that, those who I died for, but have no value to man whatsoever and think burden only.

16. I come and I cry, I cry as I call forth My who will know Me in the power of my resurrection and the fellowship of my suffering, who will seek Me and cry out for both, yea, one are, and inextricably linked and impervious to sin. I love you.

17. Cry out more, intercede, intercession lead now for my leaders to come forth, My leaders in all points of every earth, yea forming and formed, formable coming. I love you.

18. Lead forth in the direction that I only charge. I love you. All is and there is no hesitation to reign; yea, in My stead. My steed already there.

19. My seed you are, in the fullness of Me arising so soon. No one will miss Me. No man can assail that which I say, declare, manner forth this day, My word of the declaration, proclamation of your leadership, your graduation into selfhood of only Me, leading My selves, who are Me, now identity revealed. Your leadership expanding, your graduation secure, yea; taken place this morning.
20. I walk you and no other with no other; yea, you are Me, Mine, and belong to all who are Me. I love you. I give you crystal clear water of only Me.
21. Faint not at the truths, the truth, the pure and living truth now which I continue, I bring, I accelerate and I pour through you and your graduates this day; already are.
22. My Cardinals come, My bishops, My saints, My robed ones in red and white, and now in all colors. And yea there is no fashion or form without Me. I placed Myself in all. I love you.
23. I give you this day, graduation of one, one, you. My one. My one. My one and only who will now "one and only" make My body, and every single one to see, that they are My one, My one, My one and only; paradox not; oxymoronic thought not; no, true reality, actuality be, visible, tangible, and in the flesh.
24. See Me, every one. Allow My Mind to be formed in; yea, Me leading, teaching everyone from My side. I love you. My arm around them so tenderly.
25. Think it not strange the fight, those fought against Me; who have, who will, who hate freedom, wanting only power for themselves; surrender refused, unheard of in their mindset but yea, the power of My love conquers all, reforms refashions, nurtures, restores, heals, makes alive, makes new and yea brings all things to an end not; but yea brings forth that which I intended, My design forthwith. Six years, six months, altogether in Me. Watch Me. Watch Me. Watch Me.
26. The land is Mine and form in your hands it will, delightfully Mine. Watch Me.
27. I give you Me, grace and glory. Thank you for surrendering your all, and withholding nothing, nothing, nothing from My hand, My scalpel, My desire; receiving education of only Me; My educator coming forth as never imagined, heretofore not seen, heard of, thought of, birthing forth leaders, many excellers excelling you, thank you. Thank you for being not afraid of those stronger, lighter, farther in Me than you in some places, ways, and fashion; that now I bring and connect in seasons of release and stature building; yea scalpel required at times; mostly eye-salve, heart touch, and feeling transmittal of only Me. **Hearts healed, heaven restored**. Thank you I love you.
28. Declare forth, proclaim My word this day. Think it not strange. Hang it on your wall, frame it of Me and sign My name your name, together. We are one. In the name of the Father; My Father your Father; the Son, Me you; the spirit, we are.
29. I proclaim this day, dedication, surrender, to the point, the moment, of graduation this day. I open new doors, realms, now, forthwith; fortnight not; yea, all is as was and more. My man, My mainframes coming, framework of only Me in every detail, every microscopic detail know, given to you this day, into your hands, for My lovers, My of-Me,

who will come and study and surrender; humility, patience, prayer; taught by only Me, Me of Mine, Mine of Me. Good day. Thank you. Good job.
